Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-32 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1, 12, 19 and 26 recite, “**detecting** an occurrence of a **predetermined event**”, it is not understood why, one needs to detect “a predetermined (to consider and plan in advance)” event and change the scheduling action accordingly. Claims 2-11, 13-18, 20-25 and 27-32 are included in this rejection because of their dependency.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-53 as best understood are rejected under 35 U.S.C. 102(b) as being anticipated by Parad (U. S. Patent 5,369,570).

Regarding claims 1, 12, 19 and 26, Parad discloses all the claimed limitations of the invention, including haven't method, computer-readable medium, computer system and apparatus for scheduling in automated manufacturing environment (ABSTRACT).
